**Acordis International Corp Named One of 2017 Tech Elite Solution Providers by CRN®**

Tech Elite 250 list recognizes IT solution providers with deep technical expertise and premier certifications

**Miramar, Florida, April 28, 2017 – Acordis International Corp** announced today that [CRN®](#), a brand of [The Channel Company](#), has named **Acordis** to its 2017 Tech Elite 250 list. This annual list honors an exclusive group of North American IT solution providers that have earned the highest number of advanced technical certifications from leading technology vendors, scaled to their company size.

To compile the annual list, The Channel Company's research group and CRN editors work together to identify the most customer-beneficial technical certifications in the North American IT channel. Companies who have obtained these elite designations— which enable solution providers to deliver premium products, services and customer support—are then selected from a pool of online applicants.

“This exclusive, ambitious group of solution providers boast some of the most advanced IT certifications available from top technology suppliers,” said Robert Faletra, CEO, The Channel Company. “They have adapted impressively to major changes in the IT channel, especially the shift to a more services-driven market, by expanding their skill sets and sharpening both their technical and customer service expertise. Congratulations to our 2017 list, whose robust investment in their organizations has earned them yet another elite designation—the CRN Tech Elite 250.”

“As Acordis continues to grow, we strengthen the value we are able to deliver to our customers by giving them greater access to the best and newest in information technology solutions,” said Rehan Khan, President/CEO of Acordis. “We understand how quickly the IT landscape changes and we continue to successfully manage that change and provide an exceptional level of customer service in the process.”

Coverage of the Tech Elite 250 will be featured in the April issue of CRN, and online at [www.crn.com/techelite250](http://www.crn.com/techelite250).
